

CULTURAL CELL AUDITIONS

Monday 29 Sep. 2025, IST 01:00 PM onwards &

Tuesday 30 Sep. 2025, IST 01:00 PM onwards

Dear Parent / Student,

Greetings from Lloyd Academic Community!

Education is not just confined to imparting academic knowledge to the students. However, it is more about holistic development. The institutions can mold the students holistically by exposing them to an array of activities along with academics. Cultural activities play a key role in the overall personality development of students. Different types of cultural activities can give different exposure to students. These instill confidence in students and foster a better understanding of the surroundings. The cultural activities also instill life

skills and social skills in the students. Some of the key benefits of cultural activities are as follows:

- Cultural activities have several practical implications. By participating in such activities, the students become more passionate and confident. These activities also foster team spirit and a sense of responsibility in the students. Students learn to face challenges and find solutions to real-life problems. It is also believed that the students become more focused on their career. They are able to choose their field of interest early.
- Some activities like martial arts, dance, sports, etc. promote physical wellbeing. The students become conscious regarding their health and they are also encouraged to eat the right food for a healthy body.
- Through cultural activities, students get opportunities to interact with others. They no longer remain introvert as they learn the art of building relationships. They learn the art of fostering healthy relationships with their schoolmates. Most of the cultural activities are performed in groups thereby helping the students to develop a better understanding of the people around them. Interaction with other students belonging to different background helps in the development of interpersonal skills. Thus, the students become more social and they learn to respect others.
- It is believed that students participating in cultural activities perform well in their academics. This is because they learn discipline and time management from such activities. This helps them to plan their schedule accordingly and leads to a better learning process. The cultural activities enhance the confidence level of the students thereby allowing them to perform better. These activities develop the personality of the students and assist them in shaping a good career.

- Lloyd Law College & Lloyd School of Law is organizing Auditions for the students' of B.Com.LL.B./B.A.LL.B. batches (2025-30, 2024-29, 2023-28, 2022-27) and LL.B. (2024-2027, 2025-28) for the Cultural cell, as per the schedule attached herewith.
