GUEST LECTURE

DISABILITY, DISCRIMINATION AND STRUGGLE FOR EQUALITY

ATTENDEES :: B.A.LL.B. (2020-25) & LL.B. (2022-25)

Dear Parent / Student,

Greetings from Lloyd academic community!

In contemporary times, classroom teaching for a student of law degree program remain insufficient as potential recruiters look for law graduates who are not only well versed with the Bare Acts, but who also possess adequate practical knowledge and are familiar with working of the Courts. Apart from this, fluency in communication skills to convey your ideas, including good drafting skills to showcase the quality of work is necessary for a law graduate. This all can't be covered in class-room teaching; it has become essential for every law college to take the teaching & learning beyond class-rooms and to bring in the element of practical understanding & application of curricular law to the practice of law. Considering this, we have adopted the process of invited guest lectures industry and academia from around the world.
