We have been consistently delivering outstanding results in reputed Moot Court Competitions. It is extremely important for us to maintain this legacy which has been acquired through dedication and hard work. Moreover, keeping in view the need to give a chance to each and every student of the lawschool in an unbiased manner, we are conducting OCSR in order to decide the composition of the teams which shall participate in the **18th Frankfurt Investment Arbitration Moot Court Competition, 2026 & 33rd William C Vis International Commercial Arbitration Moot Court Competition 2026**.

The OCSR shall be conducted to finally decide the teams which shall represent the college in the aforementioned moot. It is scheduled to be conducted on the 12-11-2025 (Wednesday) 07:00 PM onwards in an online mode. The Selection Process will be Oral Pleadings based.

Frankfurt Investment Arbitration Moot Court ::

The Frankfurt Investment Arbitration Moot Court is the oldest and most prestigious student competition in the area of investment protection law. Its focus is on the oral presentation of legal arguments before an arbitral tribunal composed of specialists in the field during a one-week finalevent, the National rounds of which take place in March of and the International rounds take place in Germany in June, every year.

The Frankfurt Investment Arbitration Moot Court is unique in that it combines the law of investment protection, one of the most modern and fastest developing areas of international law, with the history of international law and of international trade

William C Vis International Commercial Arbitration Moot Court Competition ::

Vis Moot fosters the study of international commercial law and arbitration and provide a practical training to students for resolving international business disputes. The business community's marked preference for resolving international commercial disputes by arbitration is the reason this method of dispute resolution was selected as the clinical tool to train law students.

There are two crucial phases in the Vis Moot to train advocacy skills: the writing of memoranda for claimant and respondent and the presentation of arguments in oral hearings held before arbitration practitioners and academics. The forensic and written exercises require determining questions of contract — flowing from a transaction relating to the sale or purchase of goods under the United Nations Convention on Contracts for

the International Sale of Goods and other uniform international commercial law.

The dispute is resolved in the context of an arbitration under specified Arbitration Rules. In the pairings of teams for each general round, every effort is made to have civil law schools argue against common law schools — so each may learn from approaches taken by persons trained in another legal culture. Similarly, the teams of arbitrators judging each round are from both common law and civil law backgrounds.

Date, Time and Venue ::

The OCSR Oral Rounds shall take place on Wednesday 12-11-2025, 07:00 PM onwards, online on Zoom.
