

The advertisement features a background with forensic imagery: a handgun, a blood splatter, a crime scene tape, a body outline, a skull, and a forensic microscope. At the top, two logos for Lloyd Law College and Lloyd School of Law are displayed. The main title is "Biological fluids evidence and Identification of blood" in a blue, bold font, with "(Add on Course)" below it. A brown box contains the text "Resource Persons". Below this, two portraits are shown: Mr. Dheeraj Bhardwaj on the left and Ms. Madhvi Sharma on the right. Their names and titles are listed below their respective portraits. At the bottom, the date and time, and the venue are provided.

"Biological fluids evidence and Identification of blood"

Dear Parent / Student,

Greetings from Lloyd Academic Community!

Forensic Science Investigation & Advocacy Training Course

TOPIC :: "Biological Fluids evidence and Identification of Blood"

Legal education is a process of learning the legal practice and profession. Forensic Science Investigation Advocacy Training Course is designed to provide practical training of Forensic Science Investigation and legal methodical skills of criminal / civil investigation to the students. This is an Additional Credit Course, designed only for the BA.LL.B. & LL.B. (final year) appearing students only. Learning in this course will expertise the knowledge of criminal and civil trial investigation process and advocacy skills of the participating students. This is going to be a differentiating factor for the participants in the legal practice and profession from trial to appellate practice.

Detailed Course Module is attached with this mail.
