BA.LL.B. & B.Com.LL.B. 2022-2027

Venue : Auditorium, Lloyd School of Law

INVEST IN OUR PLANET

EARTH DAY 2023

Thursday, 6th April, 2023

IST 1:30 PM

BA.LL.B. & B.Com.LL.B. 2022-2027

Venue : Auditorium, Lloyd School of Law

Mr. Runit Walia

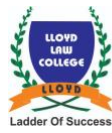

Manager – Youth Initiatives, India

Runit Walia is a staunch environmentalist. While still at school, he displayed outstanding leadership to found and lead "Tears of the Earth". A non-profit aims to inspire youth to work for a greener, cleaner, less polluted planet where our natural wealth is enhanced and also focuses on Innovation and Technology for the planet. Runit is currently with EARTHDAY.ORG India, where he leads youth-centric initiatives and works in the area of Sustainable Fashion and Green Economy. Runit has also petitioned organizations to support climate change-related policies, such as those that mandate compulsory climate education and provide opportunities to youth.

Conversely, he is just as comfortable with outreach to people at the grassroots level, particularly agriculturalists coming as he does from a farming background. Runit also advises the Youth Peace Club Network of the Global Peace Foundation in India and serves as an advisor to several other NGOs. His recent development in climate literacy is a cataloguing system he designed for the Climate Justice Library by Youth for Climate India. He is a graduate of Environmental Engineering and Geoinformatics and passionately works on the Intersectionality of Environment, Peace, and Space Exploration.

On the same front, Runit is an artist who promotes climate/social justice, peace and science through performative arts. He is a lead singer in the band 'Virah' (विराह). Runit and his team members have also curated several street play scripts at renowned platforms, including Pragati Maidan, India Trade Promotion Organisation. He also volunteers with several organizations in the Space sector in India.

His work in the field of Environment and Peace has been recognized by global bodies and won him several awards. He believes that we must be together as earthlings and work towards the betterment of our planet earth and the species on it.

Earth Day 2023

Invest in Our Planet

Dear Parent / Student,

Greetings from Lloyd academic community!

“The time to repair the roof is when the sun is shining”

- John F Kennedy

Climate change is a very important issue which directly connects each of us. At this juncture we need to be aware of the choices we make not at diplomatic levels but at personal levels too as our choices affect the environment directly. “We are at a crossroads. The decisions we make now can secure a liveable future. We have the tools and know-how required to limit warming,” said IPCC Chair Hoesung Lee. Thus, **Lloyd is taking an initiative on Earth Day month to encourage and inform its students so that they may investigate as to how and why things take place in the world and make their own decisions about complex environmental issues by enhancing critical and creative thinking skills.**

The theme for Earth Day this year is “Invest in our Planet”, and to apprise the students of the challenges and solutions of climate change we are inviting a young environment enthusiast, Mr. Rumi Walia.
