**An exciting opportunity to work with and be mentored by a
Member of Parliament**

About the LAMP Fellowship ::

The Legislative Assistants to Members of Parliament (LAMP) Fellowship is a unique and an exciting opportunity for young Indians to learn law-making and public policy. LAMP Fellows are mentored by a Member of Parliament (MP) and work full-time with the assigned MP during a given year, starting from the Monsoon session of Parliament till the end of the Budget session. The primary role of a LAMP Fellow is to provide extensive research support to her/his MP for their parliamentary work. This includes drafting parliamentary questions for the MP, preparing the MP's speeches for zero hour debates, raising matters of public importance, drafting private members' bills etc.

When Parliament is not in session, LAMP Fellows engage with policy makers, experts from various think-tanks, academicians from several leading universities, and leaders from diverse public policy institutions through participation in workshops on important policy and development issues. LAMP Fellows also participate in field visits during the inter-session period for a practical exposure to governance at the ground level.
