Dear Parent / Student,

Greetings from Center for Learning and Development!

SKILL DEVELOPMENT ORIENTATON PROGRAM ::

It is not just academic inputs which goes in making a student successful in life. There are various others aspects of the personality which helps you in achieving what you aspire and desire. If correct guidance and inputs are taken at the right time and the students are groomed properly with tailor made soft skills program, they can easily grab good opportunities early and become successful in their chosen career.

Most students have the potential, but lack of right guidance, motivation, mentoring, and training makes it difficult for them to reach where they would have otherwise reached easily and early.
