Mandatory for BA.LL.B. (2018-23) & LL.B. (2020-23)**

TEACHING SESSIONS:

Law literally means layering. Lloyd always look upto new ways of understanding and better learning of students. Teaching Sessions are designed and devised for the better learning, different levelling and new ways of understanding the same concepts, cases and laws that have been taught and educated in the regular classes by our regular faculties to all the students. It is scheduled in every semester at the last month end time of the semester. This works well to cushion the concepts, cases and laws in the mind of the students. It is very important to develop 'thinking like a lawyer' that one has to learn and understand the concepts, cases and the laws from two or three different persons to understand the variable perspectives and dimensions of law and justice in history, society, polity and economy.
