MOOT COURT SOCIETY
MENTOR : MS. CHHAYA BHARDWAJ

Mooting as an activity aims to inculcate and improve the research, presentation and argument talent in students so as to equip the budding pleaders with all the court room etiquette, research experience and advocacy skills. #KnowYourGoals Campaign
Environmental Law Center, Delhi
October 14, 2017
Ms. Chhaya Bhardwaj, Asst. Prof., Got Selected as United Nations Fellow from India to represent in the United Nations Regional Course in International Law, 2017

The Codification Division of the United Nations Office of Legal Affairs organizes the United Nations Regional Courses in International Law for Africa, Asia-Pacific and Latin America and the Caribbean. The objective of the course is to provide high-quality training on core subjects of international law to promote greater understanding and cooperation on legal matters in the region. These courses enable qualified professionals to deepen their knowledge of international law system and prepare them for the future. United Nations Regional Courses in International law are conducted under the United Nations Programme of Assistance in the teaching, Study, Dissemination and Wider Appreciation of International Law established by the GA Resolution 2099 (XX) of 20 December 1965.

For the year 2017, Regional Course in International law, Asia-Pacific was conducted in the beautiful city of Bangkok Thailand at the United Nations ESCAP, Bangkok Thailand. I was selected as the sole Indian United Nations Fellow, 2017 from hundreds of applications received by them. As a fellows, all of my expenses were covered by the United Nations office of legal affairs and Ministry of Foreign Affairs, Thailand. I received training for one month from various international lawyers, members and chairpersons of International law commissions, judges and academicians. These include, but are not limited to Prof. Alain Pellet [Former Member & Chairperson of International Law Commission], Prof. Dire Tladi [Member, International Law Commission], Dr. Anne Gallagher [Human Rights Lawyer], Mr. Santiago VILLALPANDO [Chief of the Treaty Section, Office of Legal Affairs, United Nations Headquarters], etc.

Ministry of Foreign Affairs of Thailand also organised a grand international reception. All the nationalities were represented by their diplomats who wore their national dresses for the event. Apart from this the Ministry of Foreign Affairs and Ministry of Tourism, Thailand organised two study trips to Kanchanaburi Province and Tak Province in Thailand. These trips allowed me to have a closer interaction with the culture and living in Thailand. The course was an overwhelming training amongst the diplomats of various countries. My exciting journey began as a diplomat after I received a diplomat visa to visit the United Nations office for training purpose. I was able connect and network with the international law luminaries and dignitaries from United Nations and International Law system. I also received recognition as an International Environmental Law scholar and was offered various research and writing projects with the Prof. Makane from World Trade Organisation and International Law Commission.

The international law organisations and international lawyers have also shown interest in visiting Lloyd Law College for academic and intellectual exchange programs in the future. I am optimistic of the positive changes that are coming as opportunities to the life and career of faculties and the students Lloyd Law College.

Dear Parents / Students,

Season’s Greetings from Lloyd Academic Family!
There is an adage that “Law is a jealous mistress” and there is no room in it for the lazy and mediocre. In a letter to his son Eduard, Albert Einstein gave this advice: “Life is like riding a bicycle. To keep your balance you must keep moving.” The great physicist’s advice is wise and practical.

Lloyd Law College is a learning-centric academic community committed to excellent legal education. We create intellectually stimulating environment that helps students develop through case studies and case analysis; hone their writing, argumentation, and counseling skills; and think broadly and critically about legal problem-solution. We work to keep these programs at the vanguard of legal education. We take efforts to provide an individualized support approach to each student’s academic and specific needs and concerns.

This mail is to acquaint you all with one of the most important centers in the legal education process in the life of law school.

LEGAL AID & SERVICES CLINIC
LASEC @ LLOYD LAW COLLEGE

About LASEC
The importance of Legal Aid and Awareness Campaigns as a mechanism for social progress is something that has been repeatedly stressed upon by the Government of India. In the backdrop of Poverty and Inequality, legal Aid is an effective way towards attainment of the ideals of ‘Social, Economic and Political’ Justice that are enshrined in the preamble of our constitution and under the Directive Principles of State Policy. Imparting legal awareness is the first step towards ensuring prompt and effective access to justice. Keeping this in mind, the Bar Council of India mandated all law colleges and universities in India to establish and run legal aid centers or clinics. The idea was to fulfill certain standards of legal education, but more importantly, it was also aimed at engaging the students in serving their community by promoting legal awareness through these legal aid clinics and programs. The necessary institutional establishments for the legal aid system is created through the Constitution of India, 1950, The Legal services authority of India Act, 1987, NALSA, SLSA, DLSA etc.

The entire purpose of setting nationwide collegiate clinics is to acclimatize several thousands of law students of the nation to the problems faced by the masses ignorant about their rights and remedies under the law. The aim is indeed a noble one but there are difficulties that still need to be addressed. LASEC is one successful beacon while there many more colleges and universities where such beacons need to be lighted, many thousands whose legal dilemmas need to be efficiently addressed.

LASEC inducts students to use their knowledge of law to provide free legal aid to those who are most in need of it through various media. The Legal Aid functions that it performs are preventive, remedial, activist and reformatory.

Our aim is to spread legal awareness among students and people at large. We endeavours to achieve the target by organizing legal literacy camps, Seminars, Legal Counseling, public Speaking, Poster Making, Street Plays, liasoning with Legal Services Authorities and thorough various other communicable mediums.
